

Hazelton Secondary

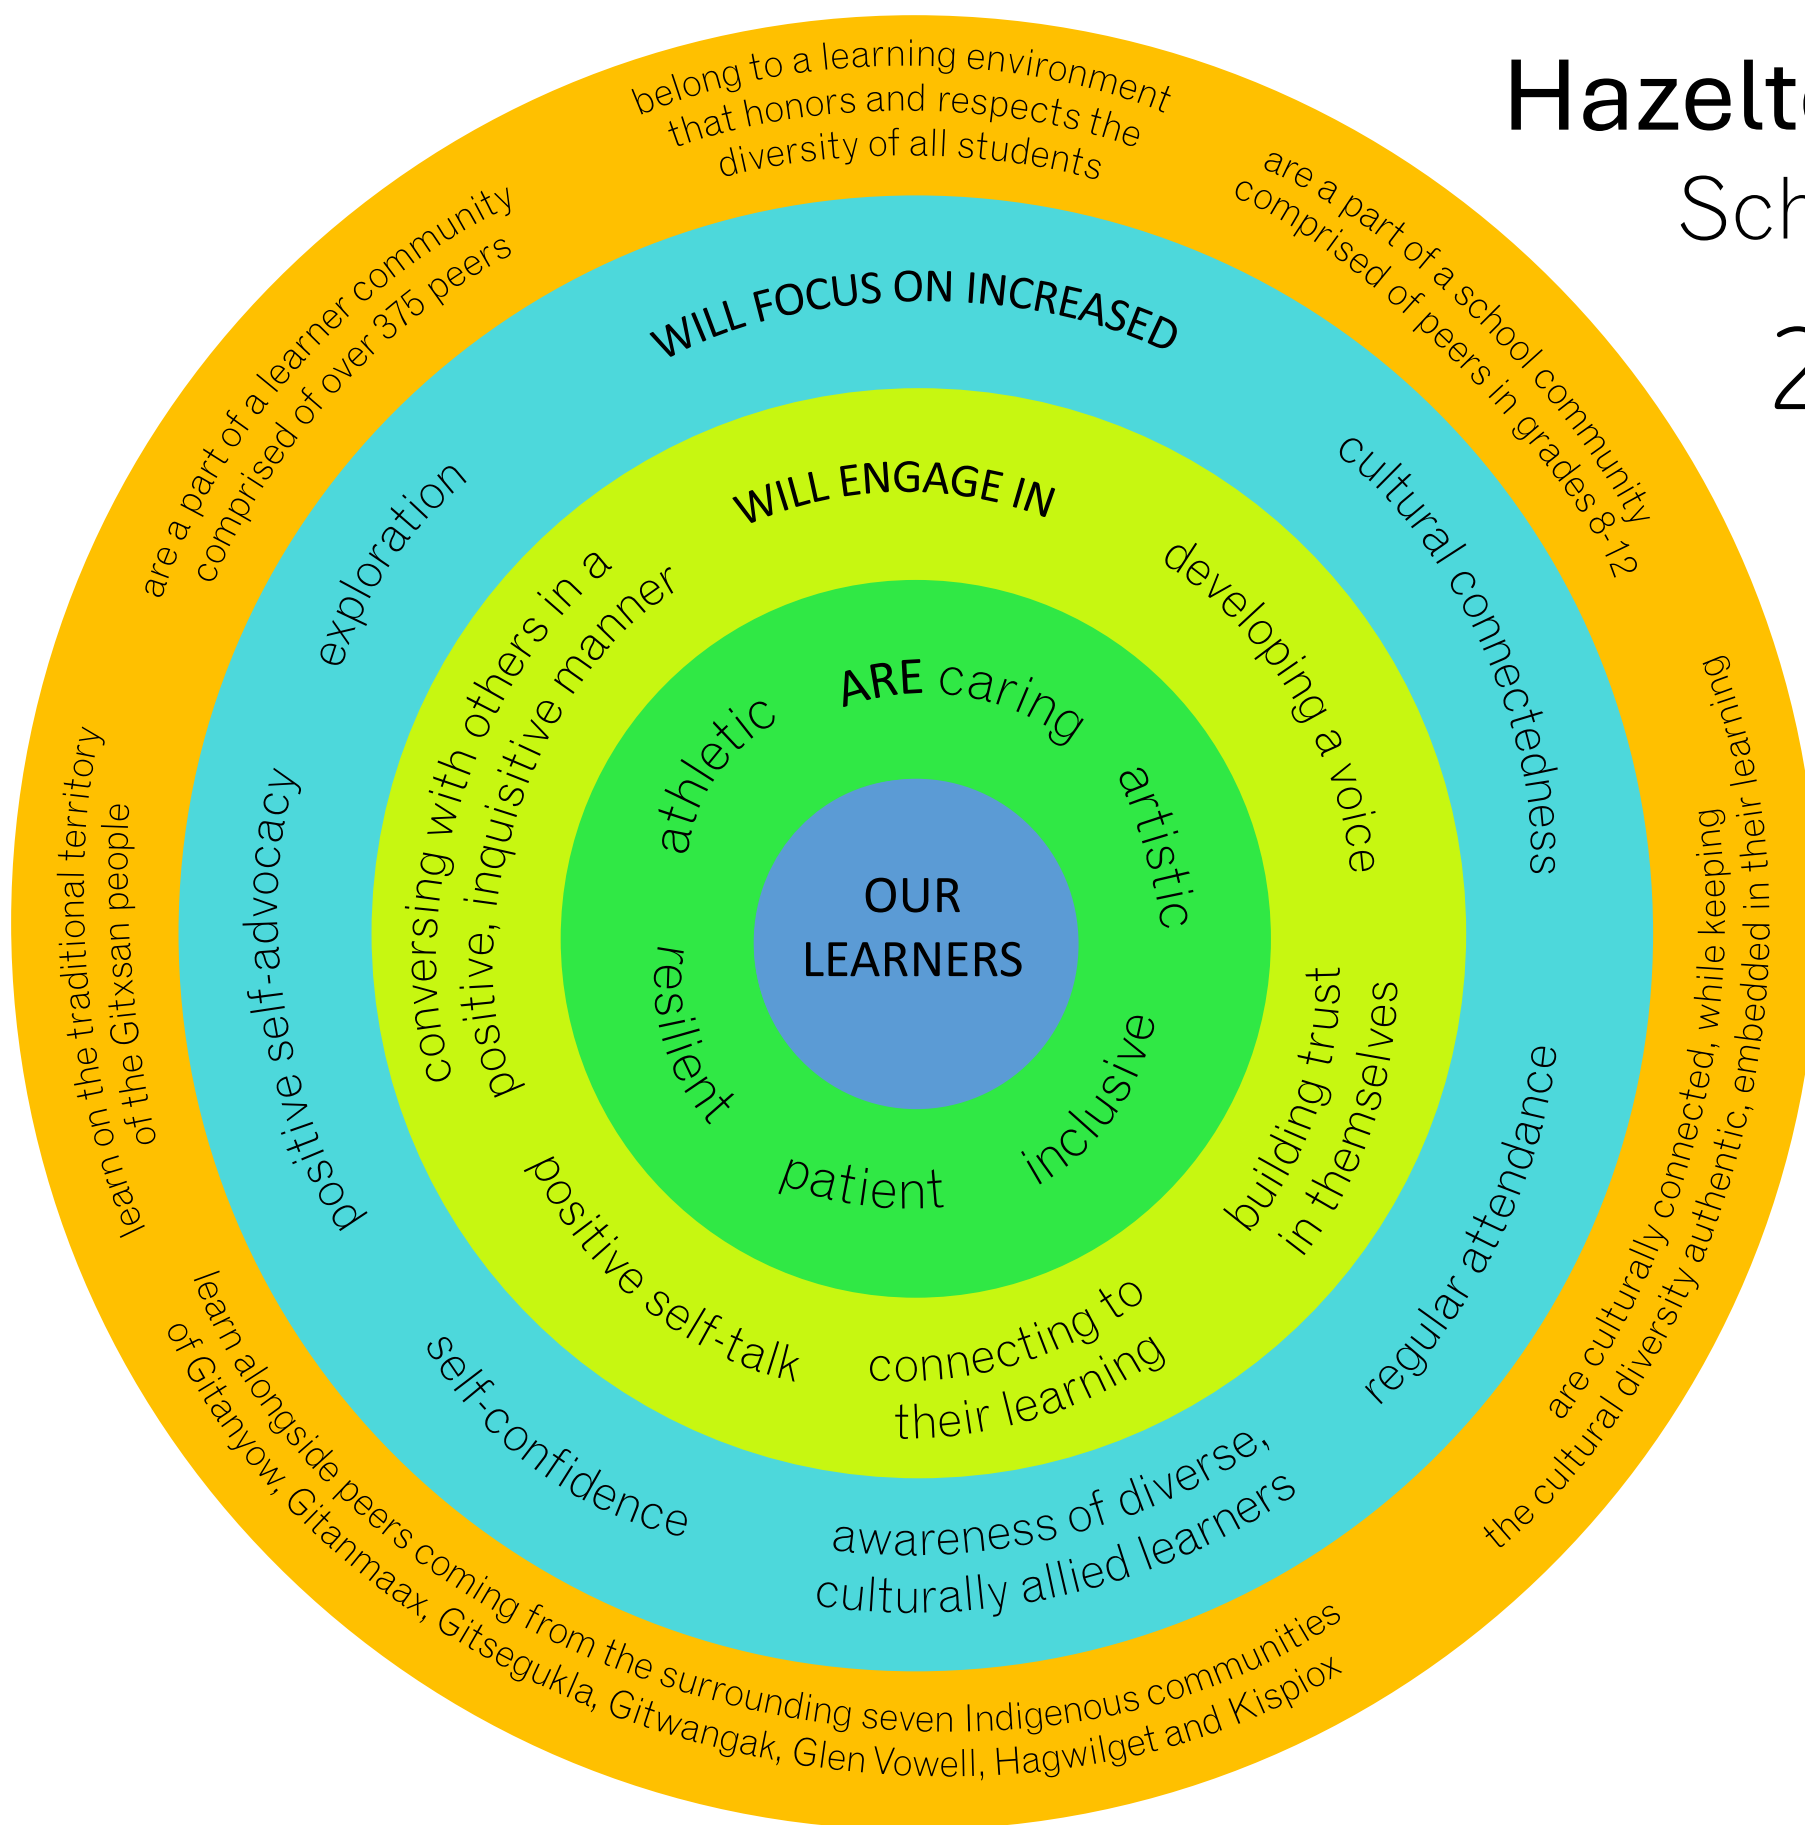

School Growth Plan

2023-2024

Reimagine,
Reignite,
Reengage,
Empower

LEARNER GOALS

- ✓ Communicate understanding and learning with clarity.
- ✓ Collaborate with peers, staff, and others to complete a common goal.
- ✓ Self-advocacy.
- ✓ Regular school attendance to enhance the above goals while developing as confident, engaged, academic learners.

Next Steps:

Hazelton Secondary School Growth Plan

Staff are building strong relationships with each learner supported through mentorship, ongoing professional development, and collaboration.

In partnership with ISWs, teachers, and/or administration our learners will co-construct a success plan based on individual needs with regular scheduled check ins.

Monitoring attendance and ongoing discussions with learners and parents to help learners feel safe attending class.

Leyton Schnellert is providing guidance for our grade 8 staff team to connect with learners while linking learning to literacy.

Provide programming that is culturally relevant across all curriculum.

Providing opportunity for our students to nourish and build relationships with others, ensuring their social/emotional, academic, physical, and spiritual needs are being met. We have launched "X Block" this year to provide support for our students to explore opportunities giving choice and voice.

Inservice happening for staff to connect them to supports through administration and (educational consultant) Kathy Sawchuk.

Improved Academic Experiences & Success for All Learners

Our Plan in Action

2023-2024
